# | Overview

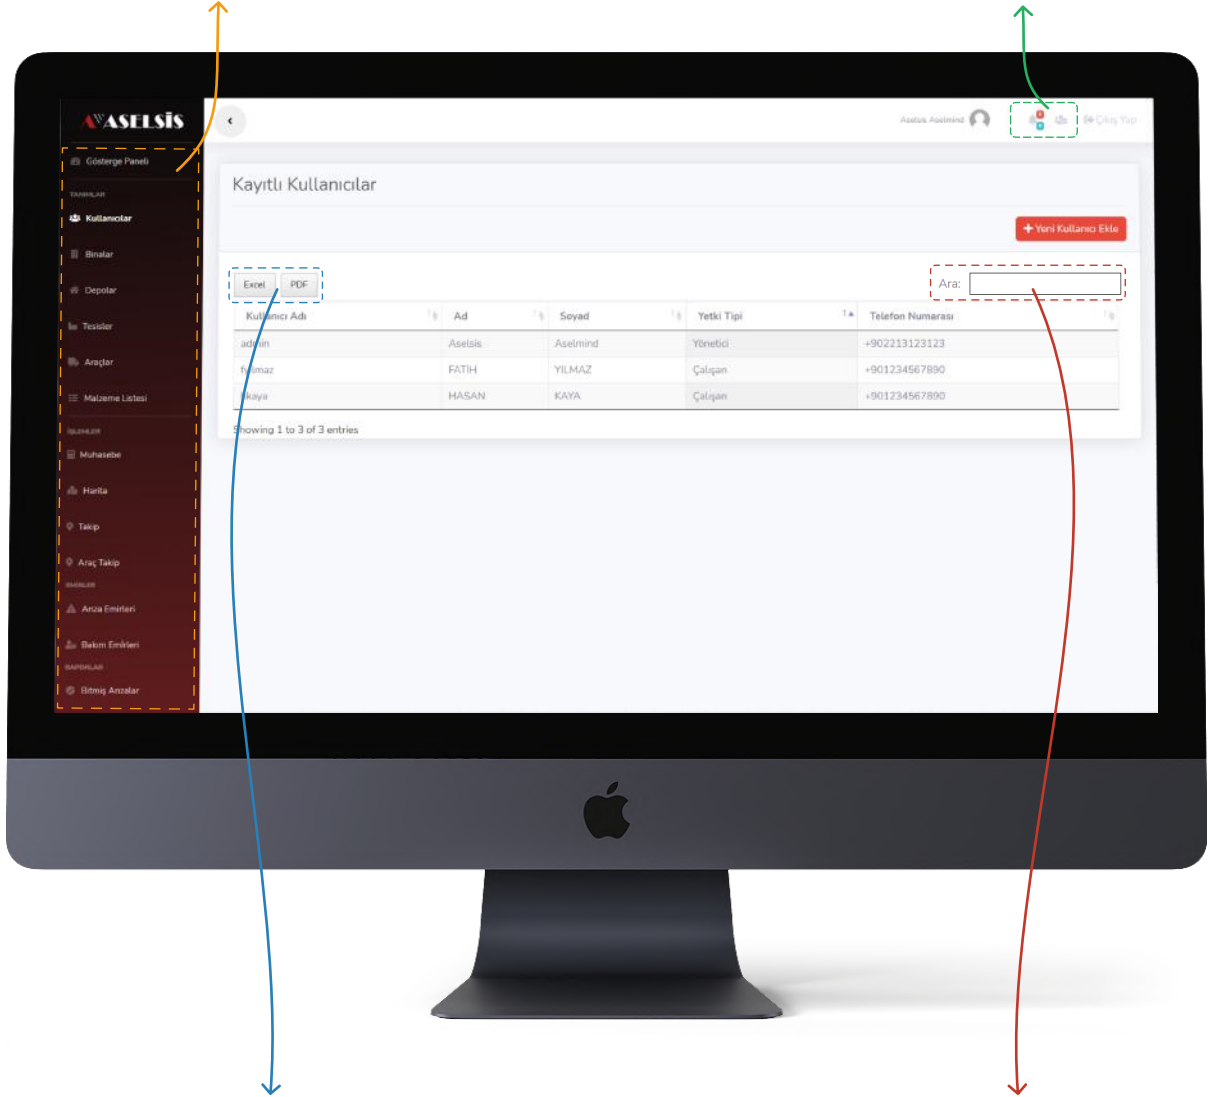

You can access all pages in the system from this area.

You can manage your authorization settings by clicking this field.

You can see your notifications by clicking this area.

Excel

PDF

You can create a report in the relevant format by clicking the **Excel** and **PDF** buttons on the detail pages!

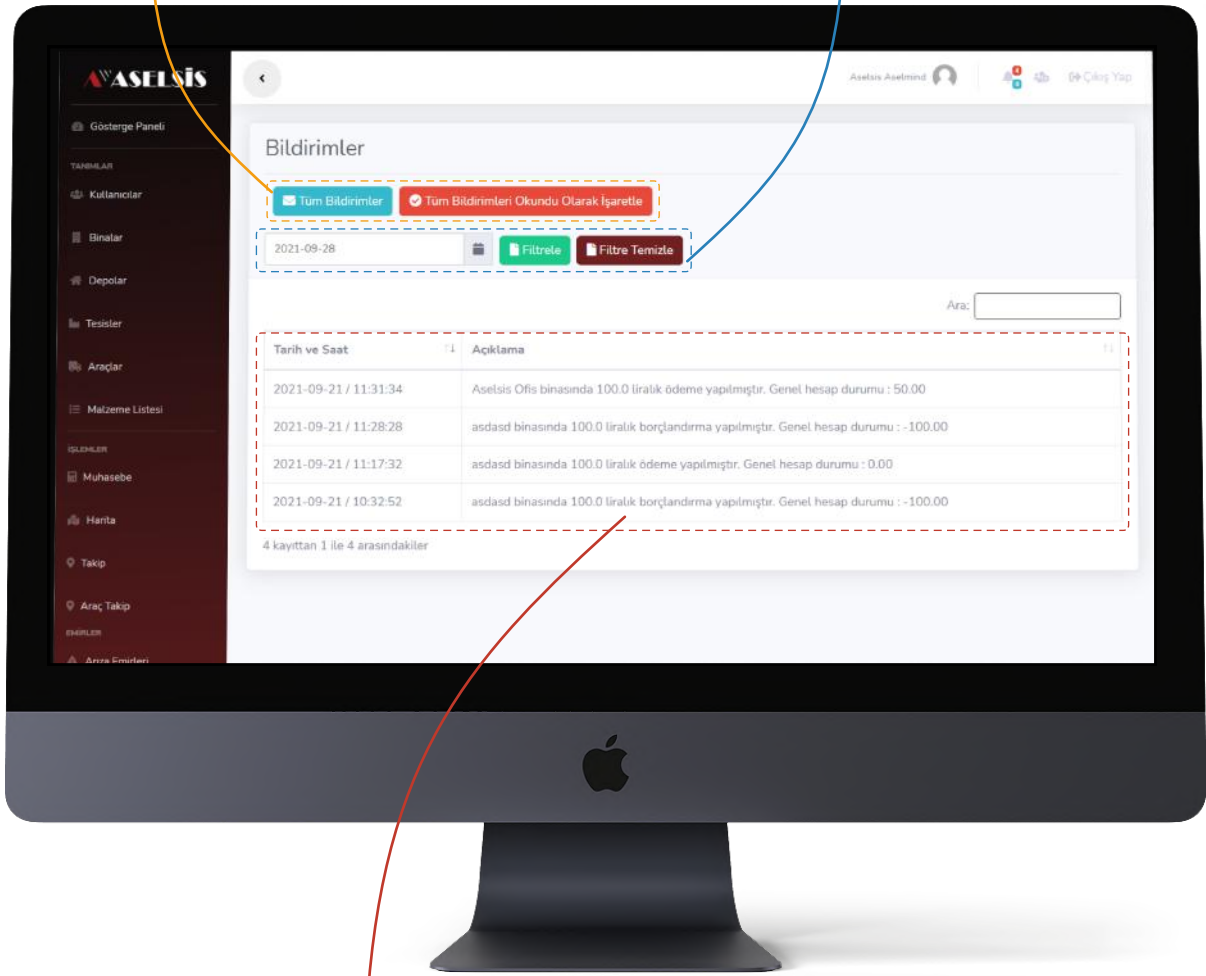

Ara:

You can find what you want to search in data lists by entering this field.

# | Notifications

Unread notifications appear first on the screen. You need to click on **All Notifications** to see all documents, and **Mark All Notifications as Read** to mark them as read.

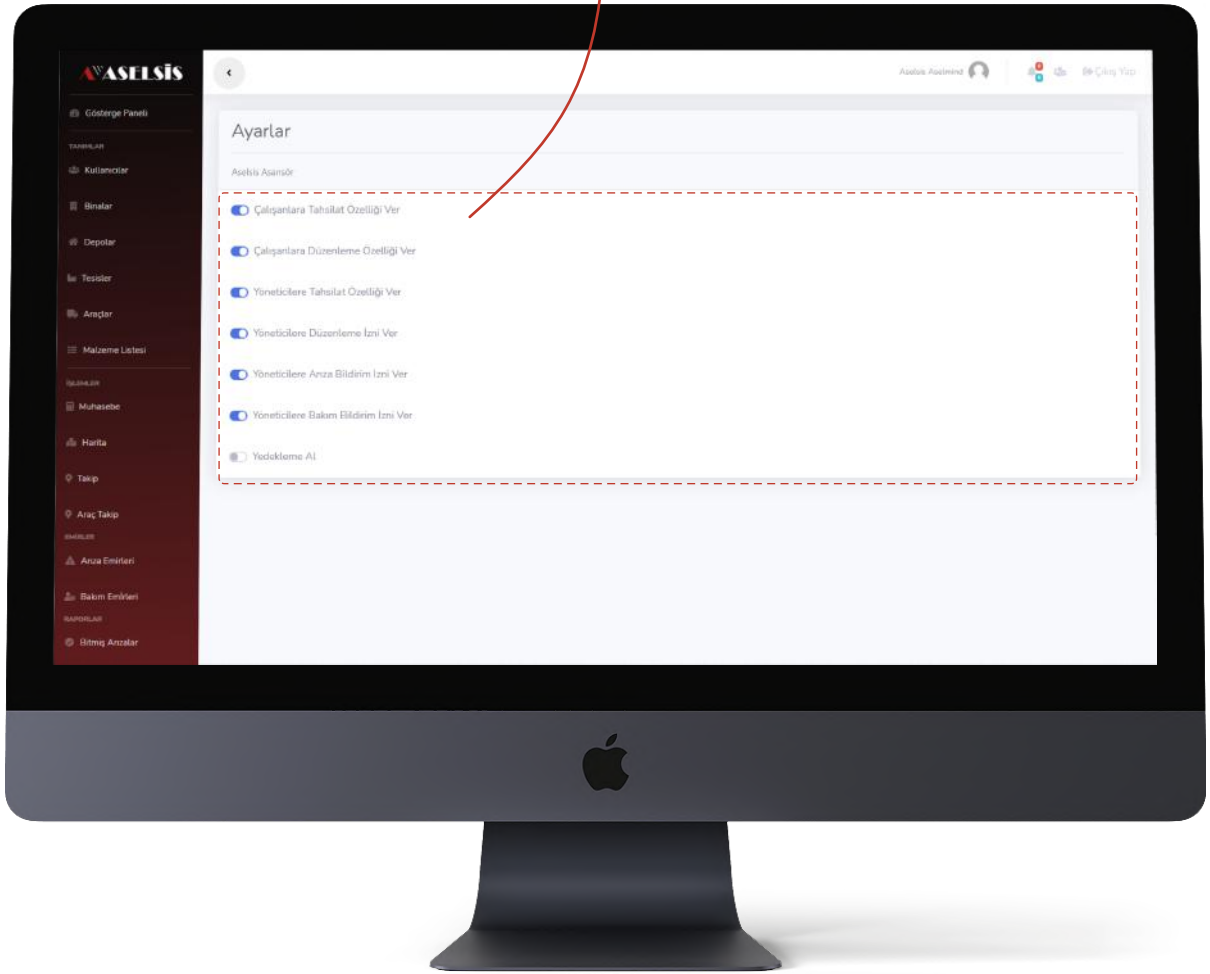

If you want to filter your notifications by date, you can select the date from this field and then click the **Filter** button. To remove the applied filter, you need to click on the **Clear Filter** button.

Your notifications are listed in this area. Unread notifications are listed first.

# | Settings

In this panel, you can set authorization and preferences such as user privileges, SMS sending preferences, etc.

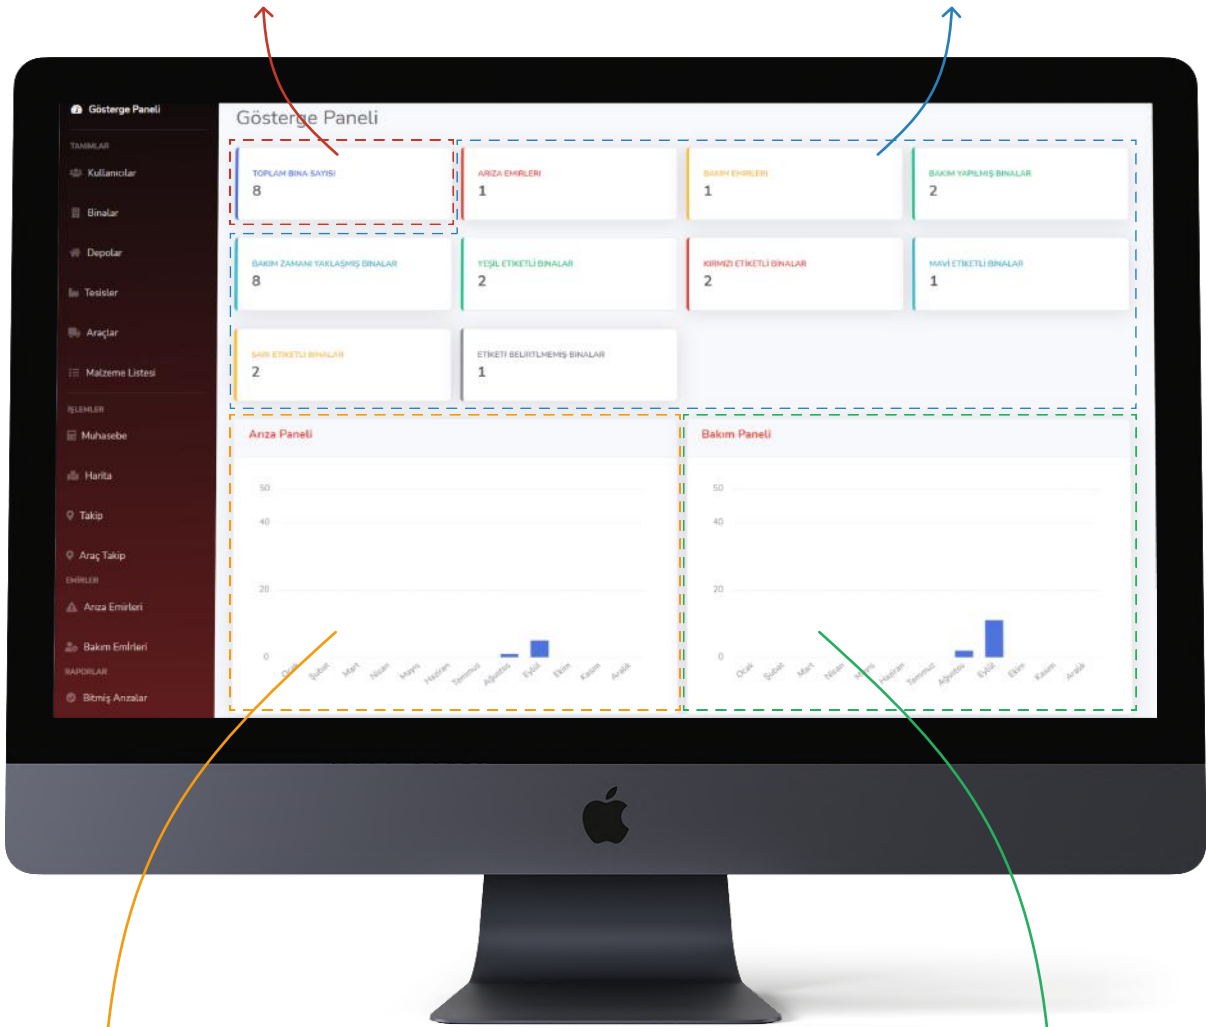

If your selection is like this, it is **active**.

If your selection is like this, it is **inactive**.

# | Dashboard

You can view all the buildings available in the system from this area. Also, if you click on it, you can see the buildings as a list.

You can view the buildings grouped according to their labels and issue-maintenance status. Also, if you click on it, you can see the buildings as a list.

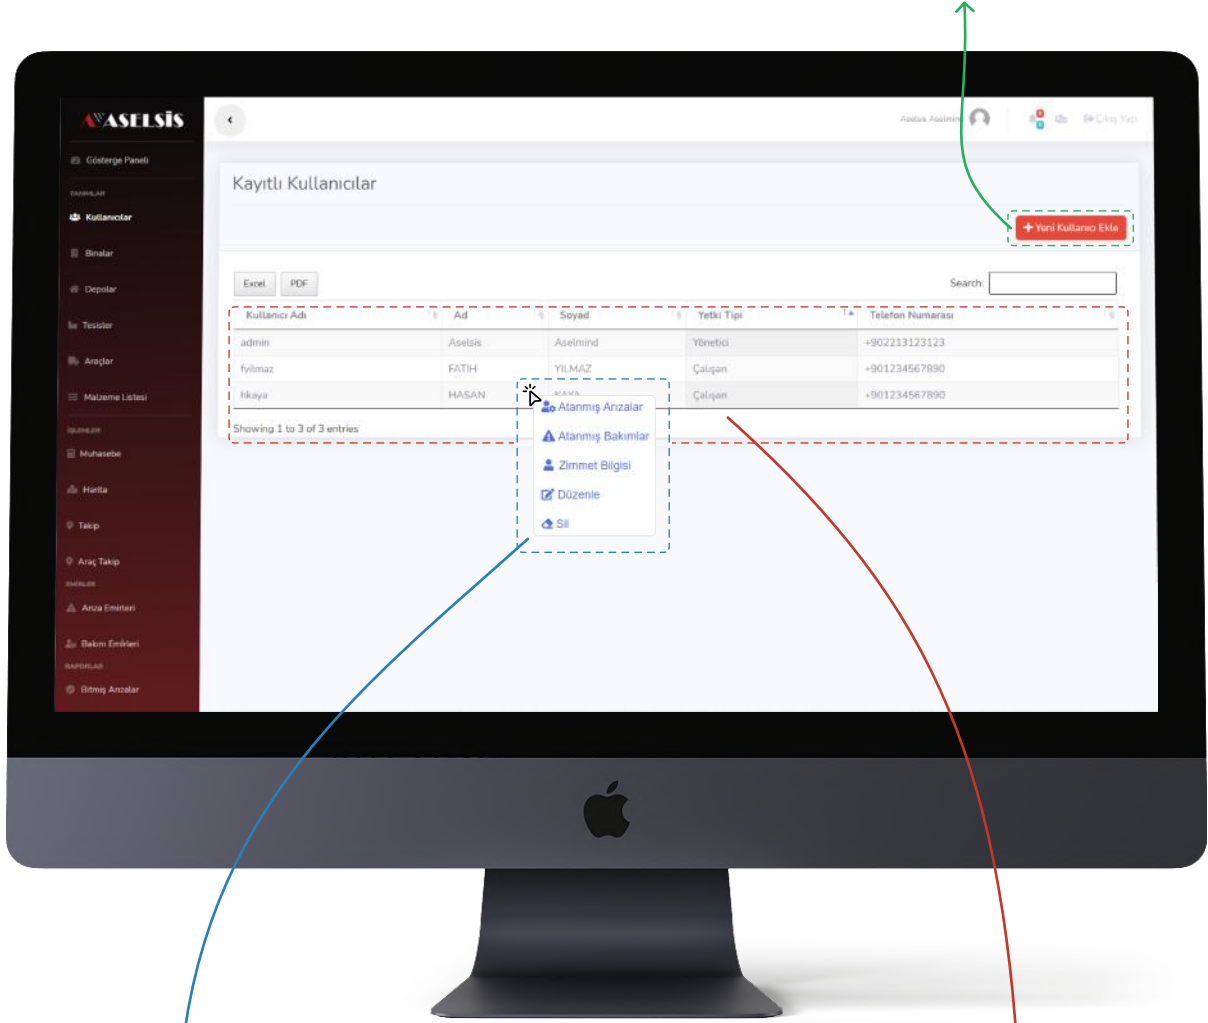

You can see the monthly issue amounts graphically from this area.

You can see the monthly maintenance amounts graphically in this area.

# | Users

You can add a new user by clicking the button.

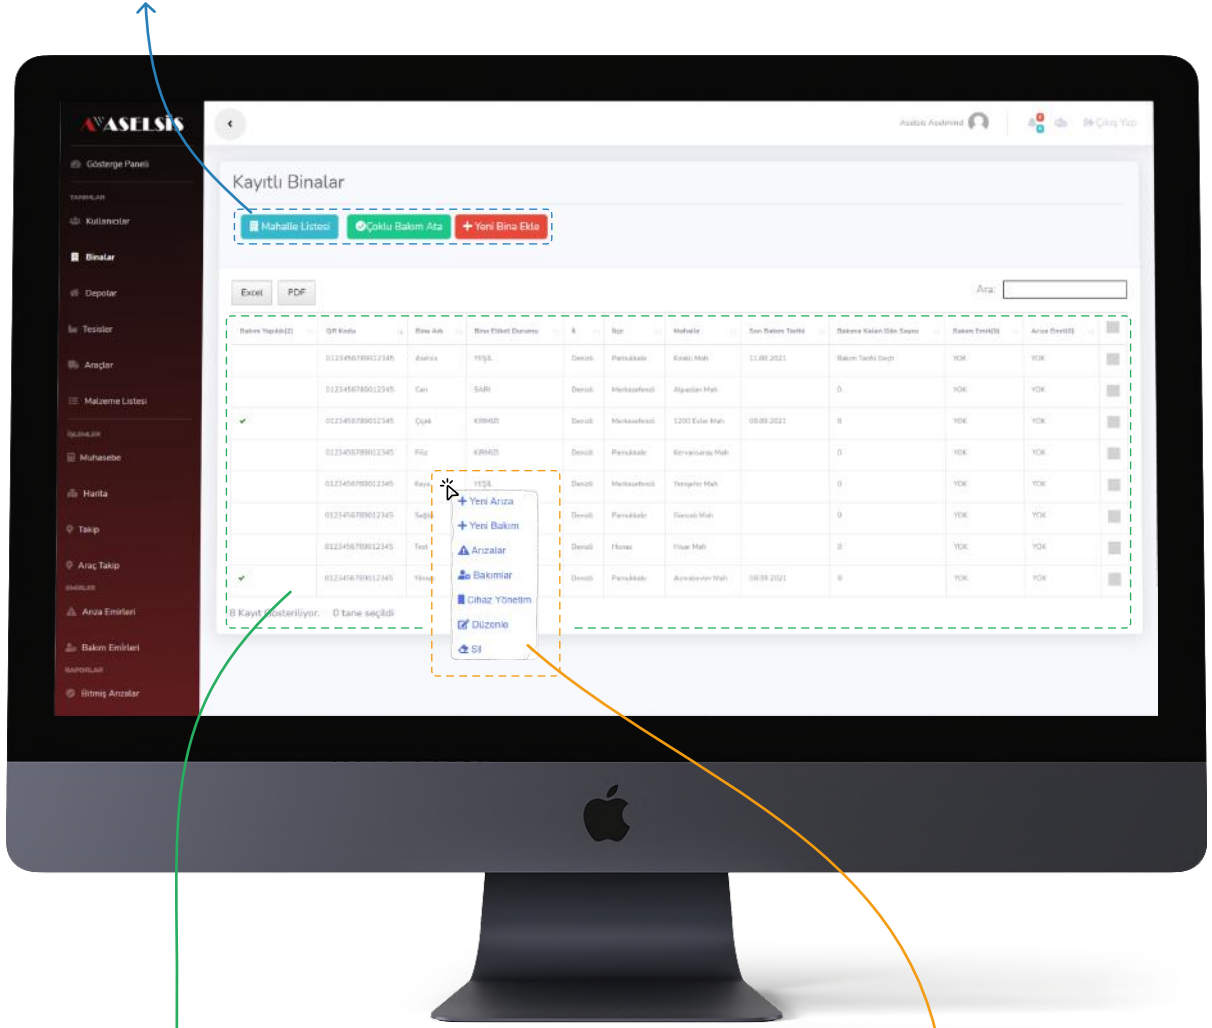

In this area opened by clicking on the user, you can edit and delete the relevant user, view lend items, and view the assigned faults and maintenance.

Your users are listed in this area.

# | Buildings

You can click the **Neighborhood List** button to automatically create the neighborhood list by taking the location of the buildings you add, the **Add New Building** button to access the add new building page and the **Assign Multiple Maintenance** button to assign a building to more than one building at once.

Your buildings are listed in this area.

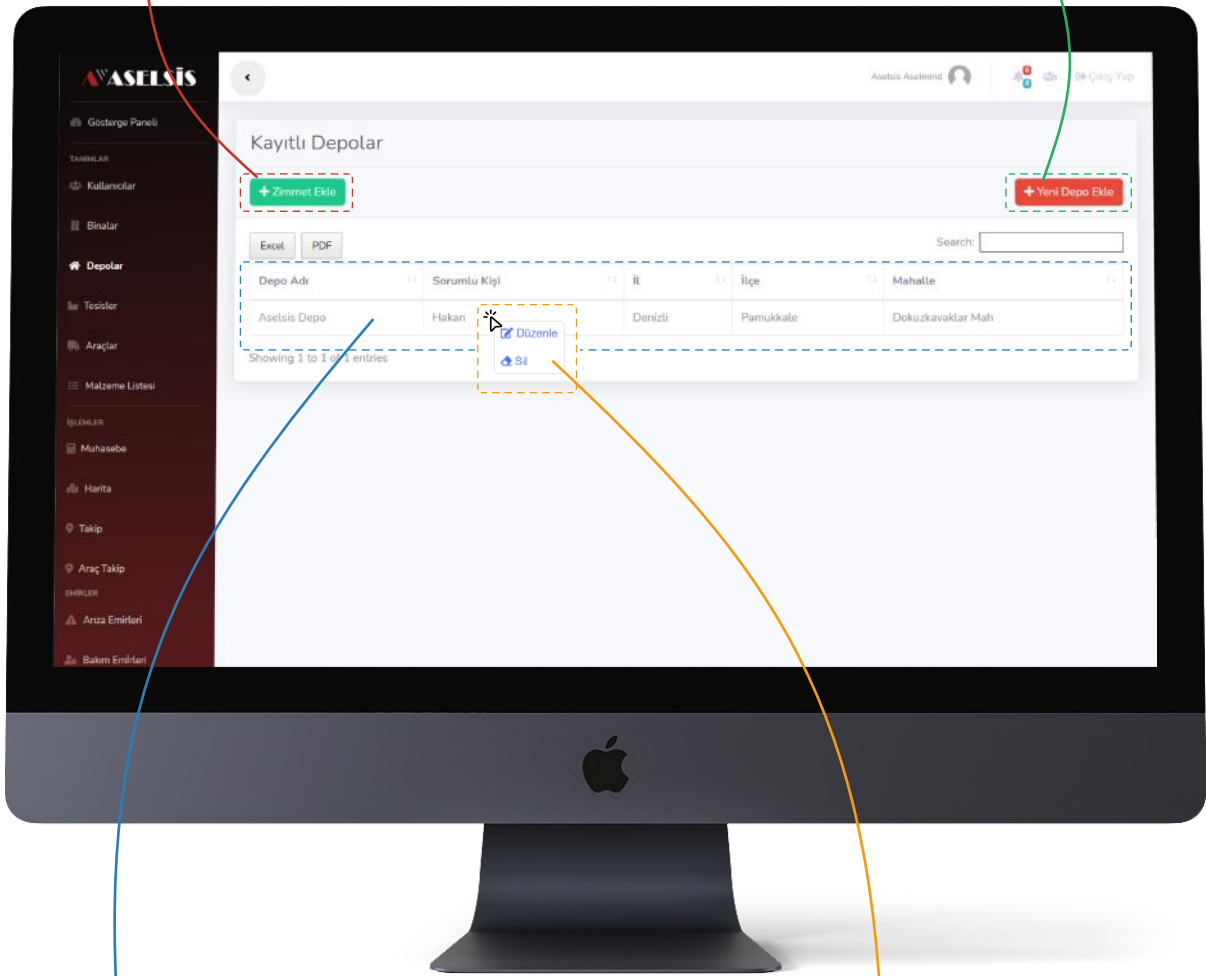

From this window that opens when you click on the building you want to select from the list of buildings, you can easily access the pages to assign a fault/maintenance order, view maintenance and issue history, open device manage page and edit the building. You can also delete the building from this window.

# | Warehouses

You can assign lend items to your personnel from the screen that appears when you click on the **Add lend** button.

Click the **Add New Warehouse** button to open the add new warehouse page and fill in the required information .

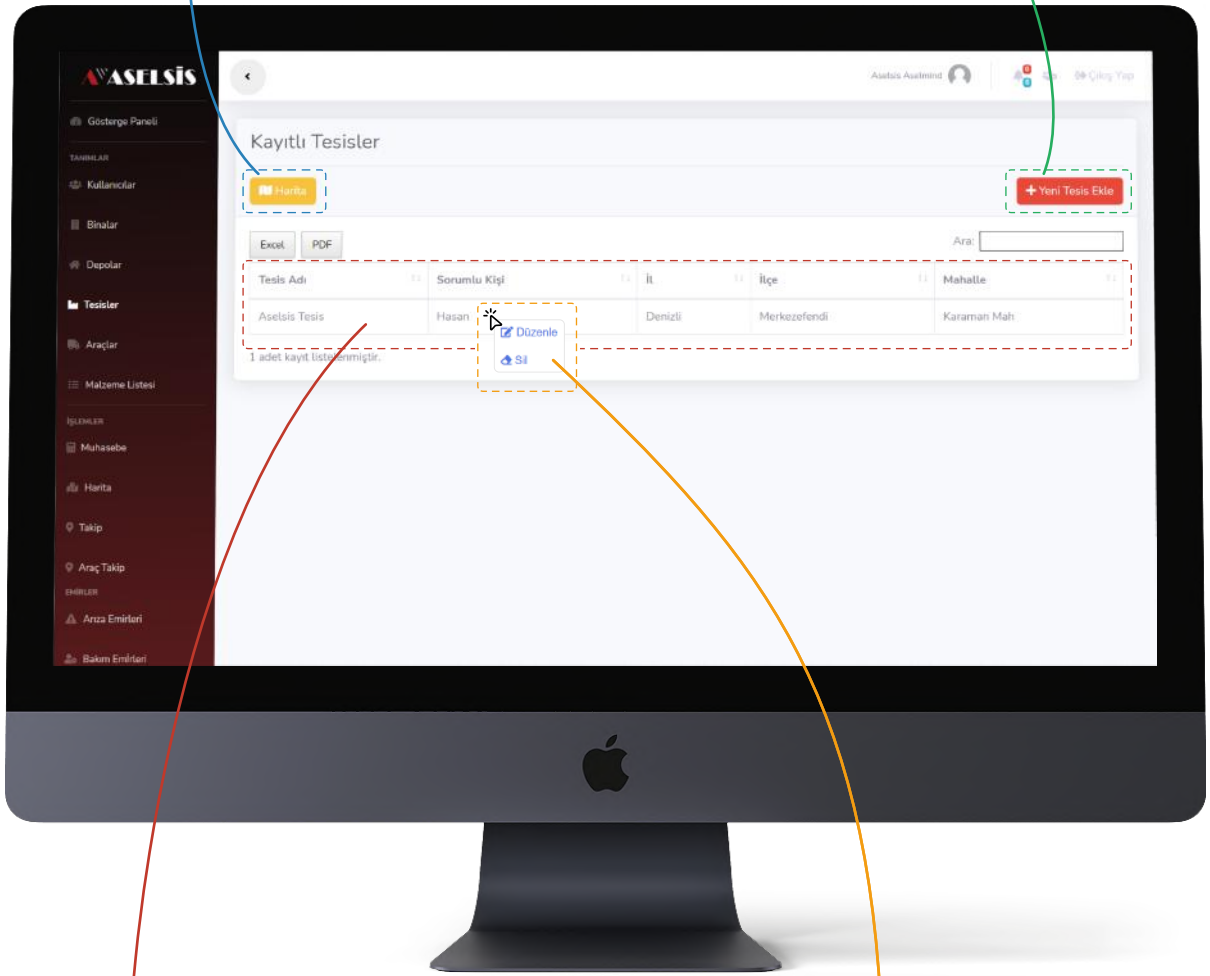

Your warehouses are listed in this area.

You can easily edit or delete from this window that opens when you click on the warehouse you want to select from the list of warehouses.

# | Places

When you click on the **map** button, you can see your facilities on the map from the screen that opens.

Click the **Add New Facility** button to open the add new Facility page and fill in the required information.

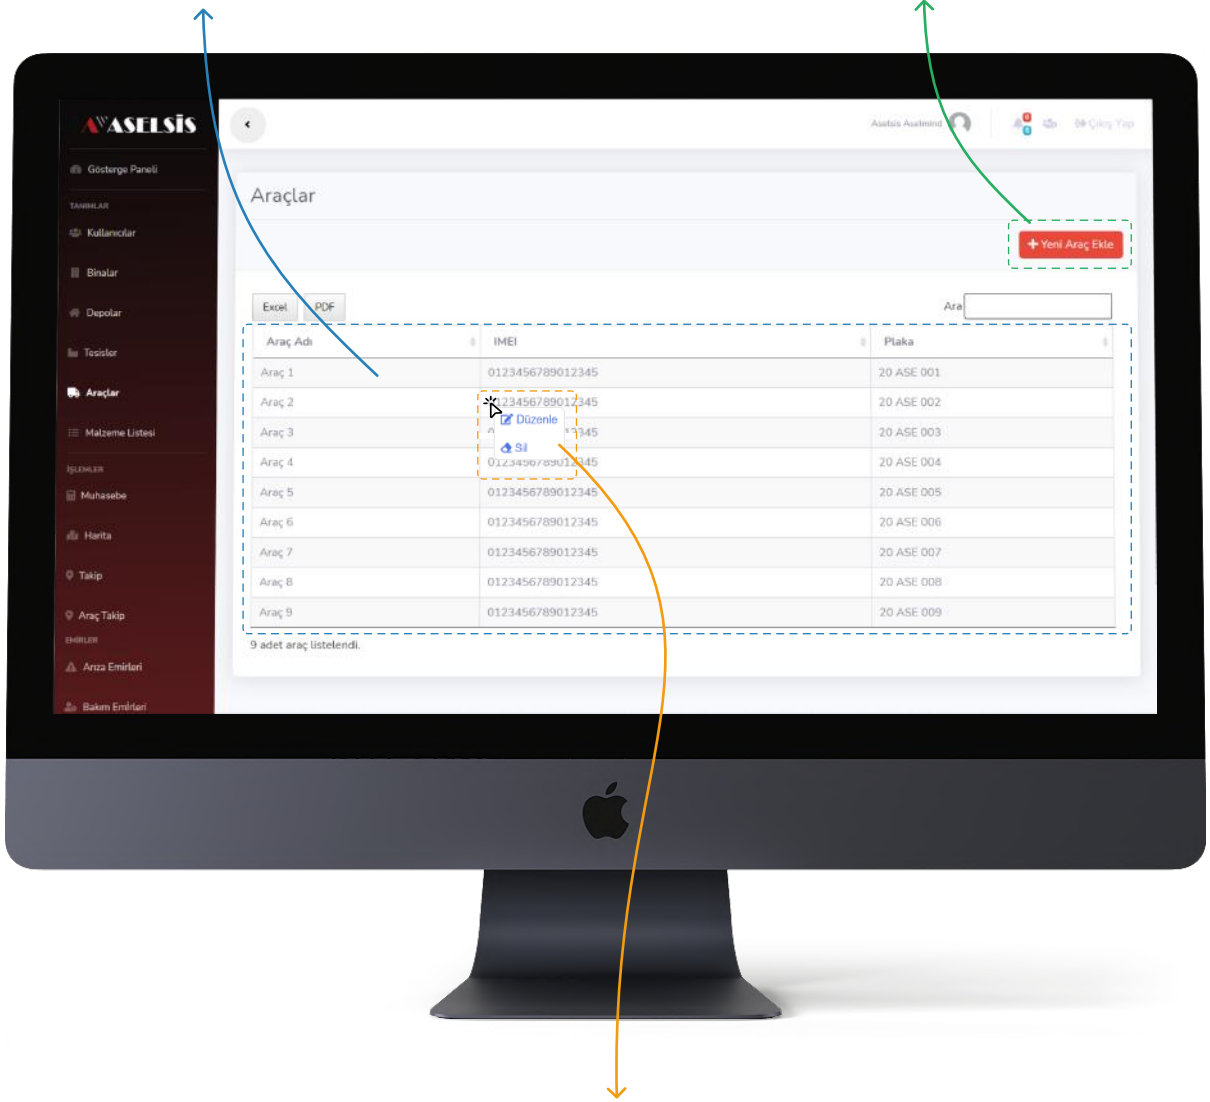

Your facilities are listed in this field.

You can easily edit or delete from this window that opens when you click on the facilities you want to select from the list of facilities.

# | Vehicles

Your facilities are listed in this field.

Click the **Add New Vehicle** button to open the add new Vehicle page and fill in the required information.

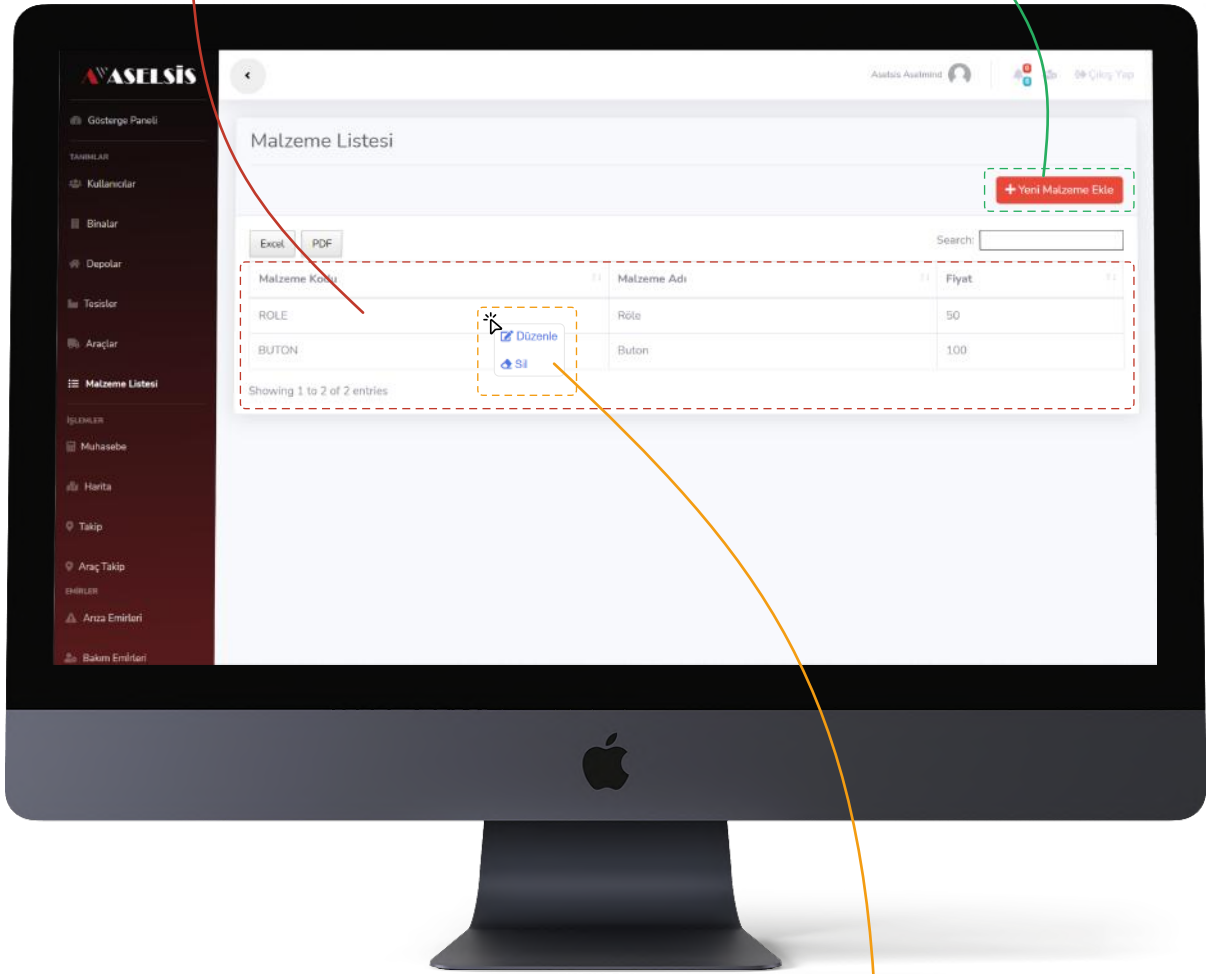

You can easily edit or delete from this window that opens when you click on the tool you want to select from the list of tools.

# | List of Material

Your materials are listed in this field.

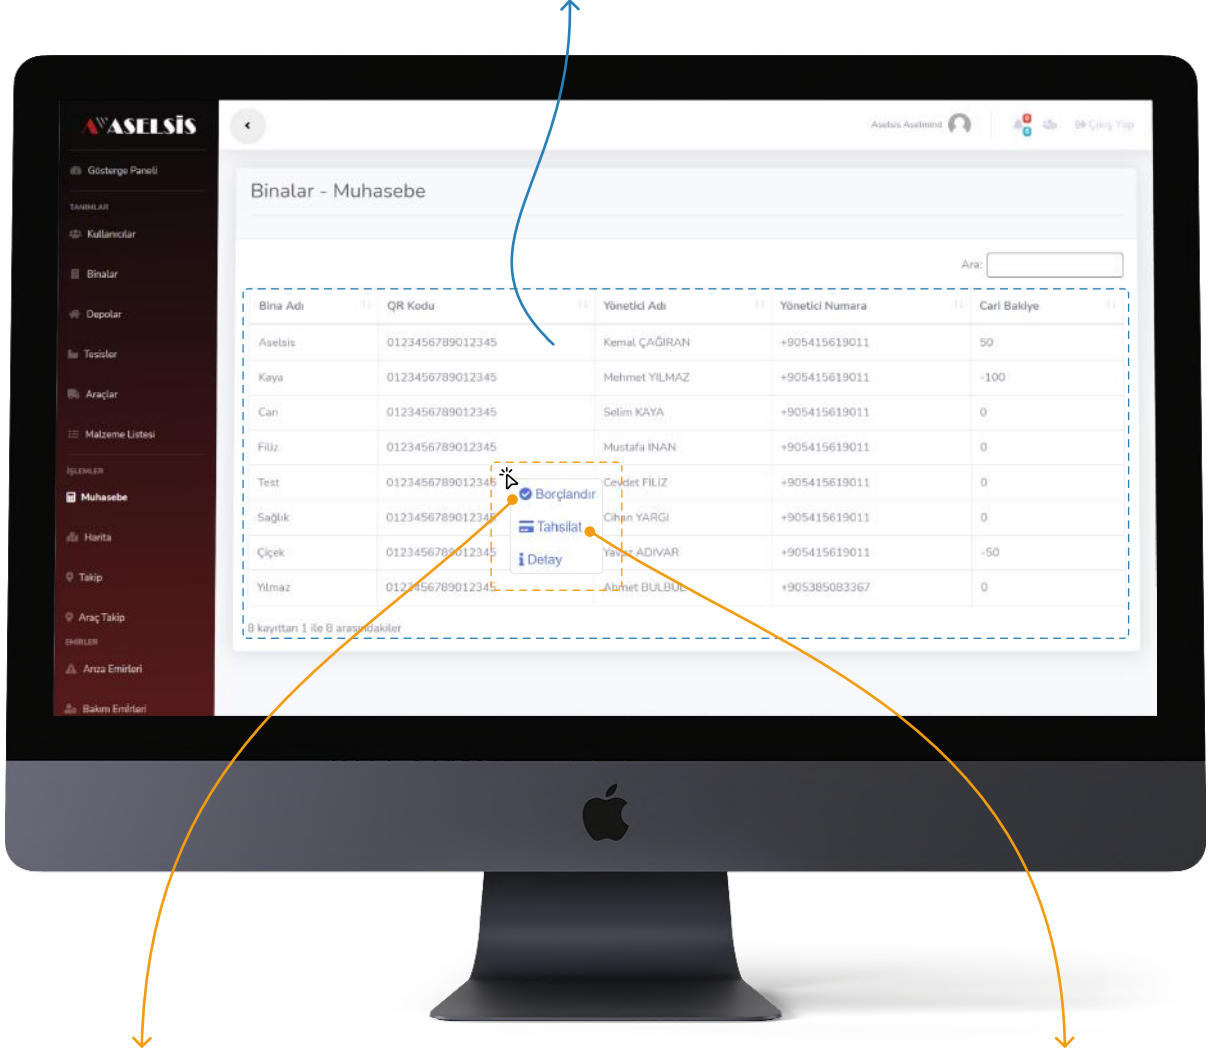

Click the **Add New Material** button to open the **Add New Material** page and fill in the required information.

You can easily edit or delete from this window that opens when you click on the material you want to select from the material list.

# | Accounting

Your current customers are listed in this field.

You can quickly collect from the screen that opens.

# | Accounting

If you select the year from this field and click the Report button, the current data for the selected year will be listed.

When you click on the **Debit** button, you can make debits by entering the necessary information on the screen that opens, and in the same way, you can make your collection transactions from the **Collection** button. You can bring all current customers with the **Bring All** button.

The screenshot displays the ASELSIS accounting software interface. The main window shows the 'Kaya Binasının Muhasebe Detayı' (Kaya Building's Accounting Details) page. The interface includes a sidebar with navigation options like 'Gösterge Paneli', 'Kullanıcılar', 'Binalar', 'Depolar', 'Tecilatlar', 'Araçlar', 'Malzeme Listesi', 'Muhasebe', 'Harita', 'Takip', 'Araç Takip', 'Arıza Emirleri', and 'Bakım Emirleri'. The main content area features a header with the year '2021' and buttons for 'Raporla', 'Borçlandır', 'Tahsilat', and 'Hepsini Getir'. Below the header, the 'Cari Bakiye' (Current Balance) is shown as '-468'. There are 'Excel' and 'PDF' buttons and a search field. The main data is presented in a table with columns for 'Tarih ve Saat', 'Tip', 'Açıklama', and 'Toplam'. The table contains six entries, with debits highlighted in orange and collections in green. The table footer indicates 'Showing 1 to 6 of 6 entries'.

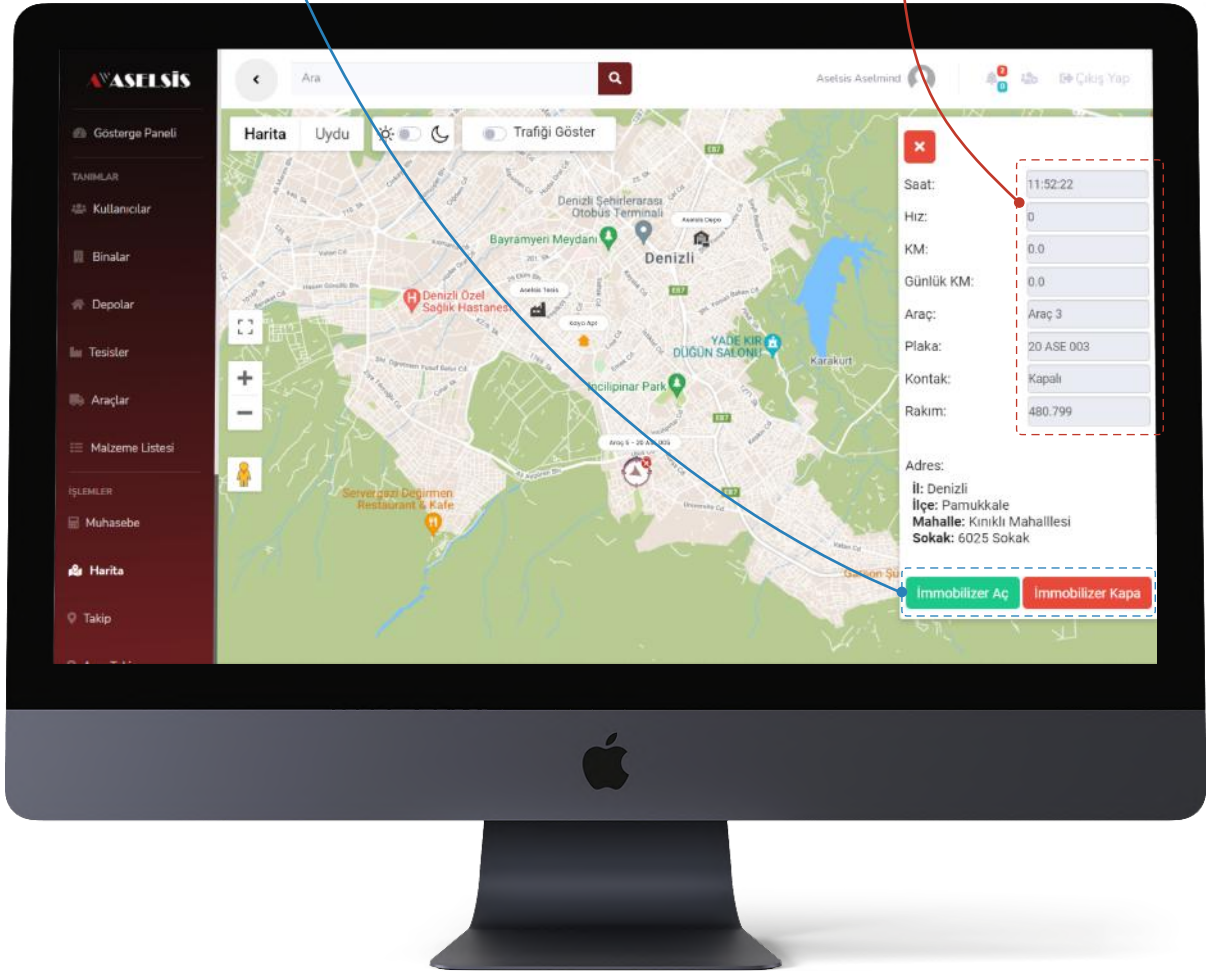

Tarih ve Saat	Tip	Açıklama	Toplam
01.10.2021 11:42:00	Kullanıcı Girişi	Arıza Role	-100
01.10.2021 00:00:00	Aylık	Aylık Bakım ücreti	-100
21.09.2021 11:27:00	Kullanıcı Girişi	Arıza Genel	-100
21.09.2021 11:17:00	Kullanıcı Girişi	Genel Bakım	-100
21.09.2021 10:32:00	Kullanıcı Girişi	Arıza Buton	-200
01.09.2021 00:00:00	Aylık	Aylık Bakım ücreti	-125

Your current data is listed in this field. Debits appear in orange and collections in green.

# Map

From this area, you can turn your vehicle's immobilizer feature on or off.

All details of your vehicles are listed in this area.

In order to see the data of your vehicles as in the image, you need to click on the relevant vehicle!

Icons may change due to continuous updates and added features in our system!

## Aselmind Map Icons and Their Meanings

Vehicle - Ignition On	Maintained Building
Vehicle - Ignition Off	Unmaintained Building
Staff	Building in Failure
Place	Building with Maintenance
Warehouse	Building in which a fault order has been entered

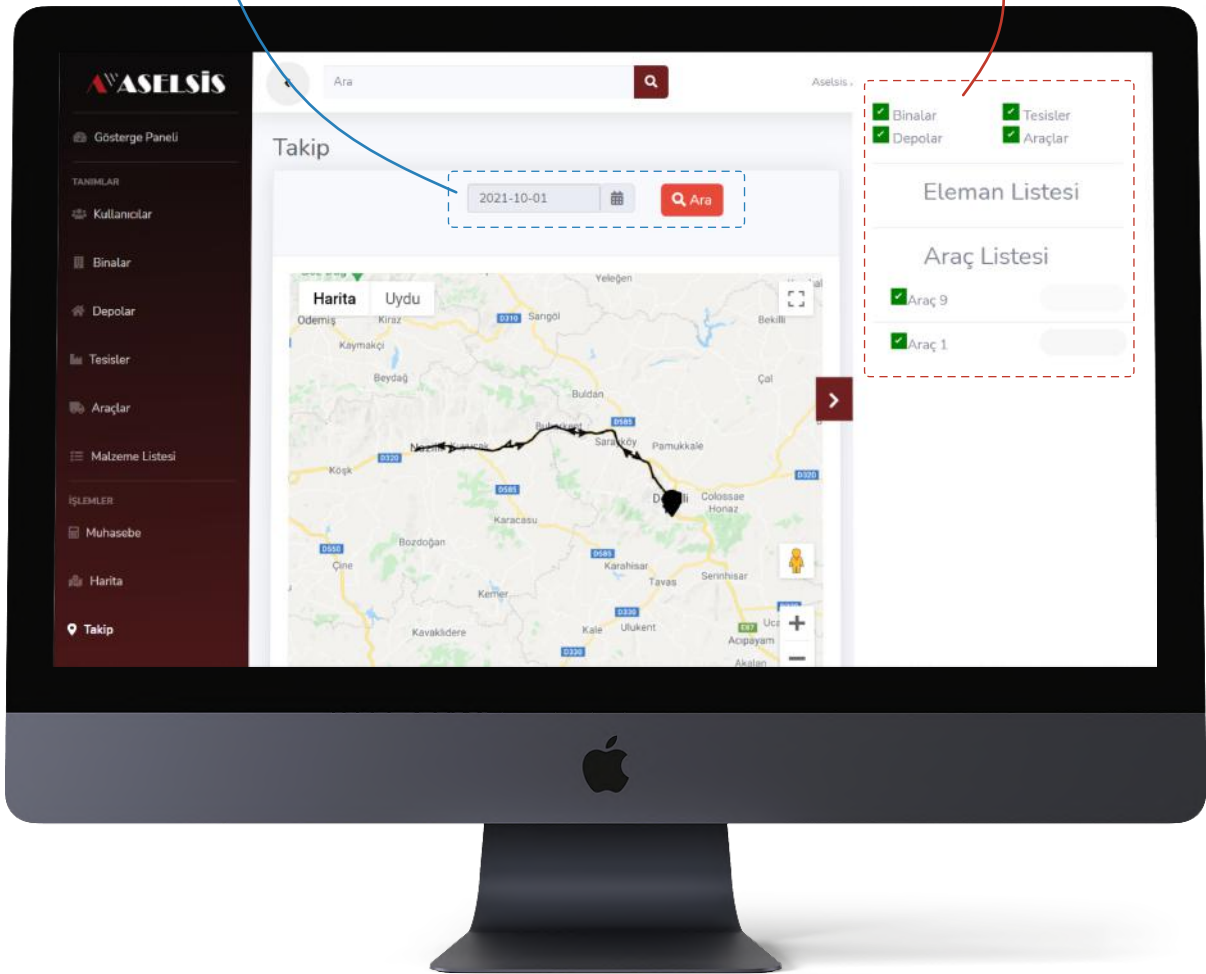

# | Tracking

When you select a date from this field and click the Search button, the personnel and vehicle routes for the day you selected will be listed in the menu on the right.

From this area, you can select and remove the data you want to see on the map.

- If your selection is like this, it is **active**.
- If your selection is like this, it is **inactive**.

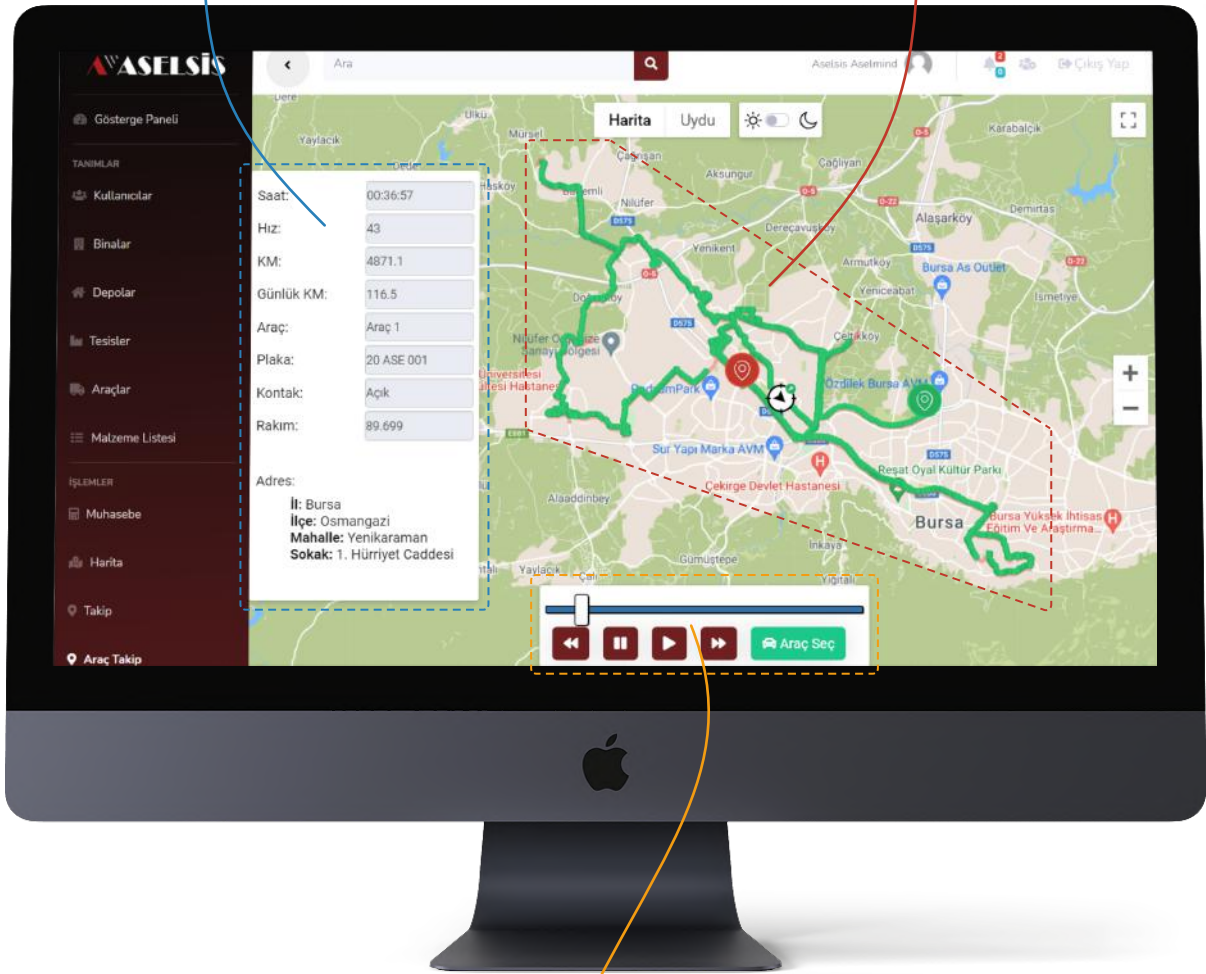

Bina ve araç listesinin olduğu ekranı görebilmek için öncelik takip sayfasının sağ tarafında bulunan < butonuna tıklamanız gerekir!

# | Vehicle Tracking

From this area, you can see the data of your vehicle and its location.

From this area, you can follow the historical route of your vehicle.

-  Route starting point
-  Route end point
-  Vehicle ignition off
-  Vehicle ignition on

The vehicle goes backwards.

Stops tracking.

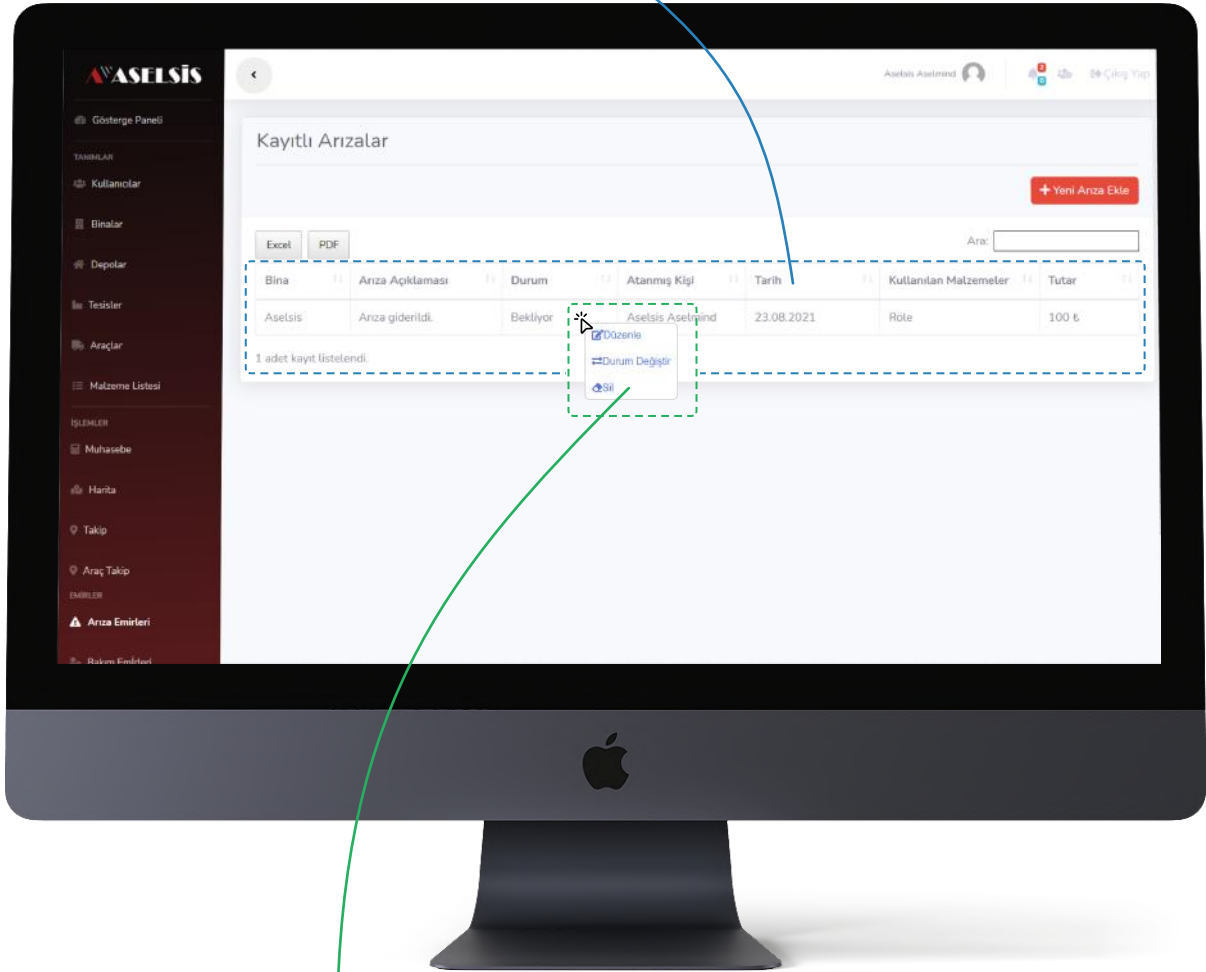

Plays the watch.

The vehicle moves forward. Also, the second click increases the playback speed.

Opens the screen where you can select a vehicle.

# | Issues Orders

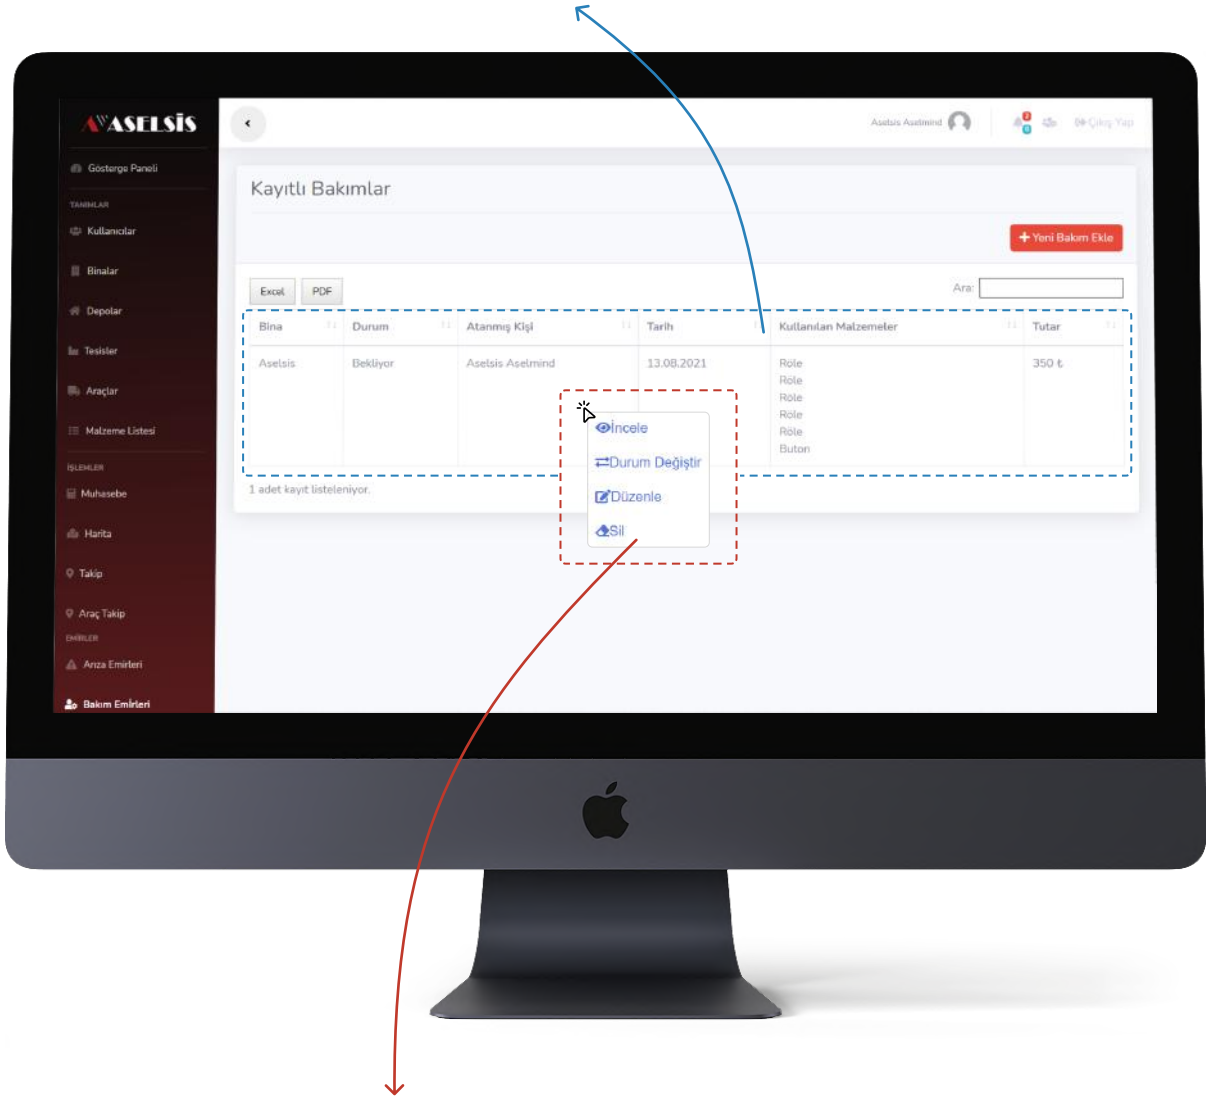

Your issues records are listed in this field.

You can easily change, edit or delete the status from this window that opens when you click on the fault you want to select from the fault list.

# | Maintenance Orders

Your maintenance records are listed in this area.

You can easily change the status, review, edit or delete from this window that opens when you click on the maintenance you want to select from the maintenance list.

# | Closed Issues

You can see your faults between the selected dates by selecting the two dates you want from this field and clicking the search button.

The screenshot displays the ASELSIS web application interface. The main content area is titled "Bitmiş Arızalar" (Closed Faults). It features a search filter with "Başlangıç Tarihi" (Start Date) set to 2021-09-01 and "Bitiş Tarihi" (End Date) set to 2021-10-05. Below the filter are "Excel" and "PDF" download buttons and a search input field. The table below shows the following data:

Bina	Arıza Açıklaması	Atanmış Kişi	Tarih	Kullanılan Malzemeler	Arıza Giderme Süresi
Yılmaz	Kapı düzeltildi	Aselsis Aselmind	08.09.2021	Yok	00:00:50
Yılmaz	Kabin ıgıdı düzeltildi	Aselsis Aselmind	08.09.2021	Ampül	00:00:20
Yılmaz	Elektrik sorunu düzeltildi	Aselsis Aselmind	08.09.2021	Kablo	00:00:33
Çiçek	Kapı açılmaması sorunu giderildi	Aselsis Aselmind	08.09.2021	Yok	00:07:30

Showing 1 to 4 of 4 entries

In this area, you can see the data of your faults. In addition, you can examine in more detail by clicking on a malfunction you want.

# | Completed Maintenance

You can see your maintenance between the selected dates by selecting the two dates you want from this field and clicking the search button.

The screenshot shows the 'Bitmiş Bakımlar' (Completed Maintenance) page in the ASELSIS system. The page features a search bar with 'Başlangıç Tarihi' (Start Date) set to 2021-09-01 and 'Bitiş Tarihi' (End Date) set to 2021-10-05. A green 'Ara' (Search) button is visible. Below the search bar, there are 'Excel' and 'PDF' download options and a search input field. The main content is a table with the following columns: Bina, Atanmış Kişi, Tarih, Kullanılan Matzemeler, and Bakım Giderme Süresi. The table contains 12 rows of data, including entries for 'Yılmaz' and 'Çiçek' with various dates and durations.

Bina	Atanmış Kişi	Tarih	Kullanılan Matzemeler	Bakım Giderme Süresi
Yılmaz	Aselele Aselele	08.09.2021		00:00:26
Yılmaz	Aselele Aselele	08.09.2021		00:00:30
Yılmaz	Aselele Aselele	08.09.2021		00:00:20
Yılmaz	Aselele Aselele	08.09.2021		00:00:46
Yılmaz	Aselele Aselele	08.09.2021		00:00:24
Çiçek	Aselele Aselele	08.09.2021	Roble	00:00:58
Çiçek	Aselele Aselele	08.09.2021		00:00:32
Çiçek	Aselele Aselele	08.09.2021		00:00:24
Çiçek	Aselele Aselele	08.09.2021		00:00:37
Çiçek	Aselele Aselele	08.09.2021		00:01:35

In this area, you can see the data of your faults. In addition, you can examine in more detail by clicking on a malfunction you want.

# I Monthly Maintenance Report

You can see the report data for the relevant period by selecting the month and year you want from this field and then clicking the search button.

The screenshot displays the 'Aylık Bakım Raporu' (Monthly Maintenance Report) interface. The search filter is set to 'Eylül 2021'. The table below shows the following data:

Bakım Yapıldı(Yapılmadı(6))	Bina	İl	İlçe	Mahalle	Bakım Yapan Kişi	Bakım Tarihi	Takılan Malzemeler
×	Asesis	Denizli	Pamukkale	Kenkli Mah			
×	Kaya	Denizli	Merkezefendi	Yenişehir Mah			
×	Can	Denizli	Merkezefendi	Alpaslan Mah			
×	Filiz	Denizli	Pamukkale	Kervansaray Mah			
×	Test	Denizli	Honaz	Hisar Mah			
×	Sağlık	Denizli	Pamukkale	Goncalı Mah			
✓	Çiçek	Denizli	Merkezefendi	1200 Evler Mah	Asesis Asetmind	08.09.2021	
✓	Çiçek	Denizli	Merkezefendi	1200 Evler Mah	Asesis Asetmind	08.09.2021	
✓	Çiçek	Denizli	Merkezefendi	1200 Evler Mah	Asesis Asetmind	08.09.2021	

In this area, you can see the data of your maintenance. You can also click on a desired care to examine it in more detail.

# Monthly Material Report

You can see the report data for the relevant period by selecting the month and year you want from this field and then clicking the search button.

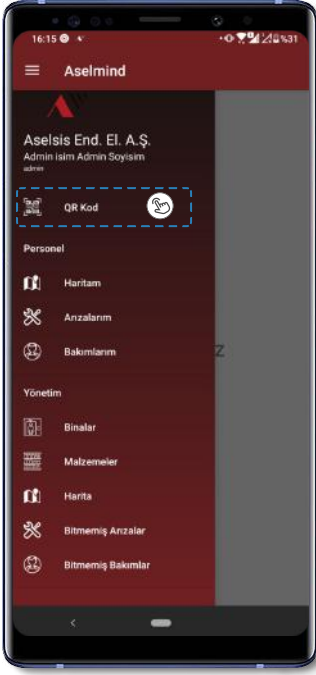

The screenshot displays the 'Aylık Malzeme Raporu' (Monthly Material Report) interface. The interface includes a sidebar with navigation options, a main content area with a search filter for 'Eylül 2021', and a table of material usage data. A red dashed box highlights a specific row in the table, and a red arrow points to it from below.

Bakım Yapıldı(12)/Yapılmadı(6)	Bina	İl	İlçe	Mahalle	Kullanılan Malzemeler
×	Azelsis	Denizli	Pamukkale	Kınıklı Mah	
×	Can	Denizli	Merkezefendi	Alpaslan Mah	
×	Filiz	Denizli	Pamukkale	Kervansaray Mah	
×	Kaya	Denizli	Merkezefendi	Yenişehir Mah	
×	Sağlık	Denizli	Pamukkale	Goncalı Mah	
×	Test	Denizli	Honaz	Hisar Mah	
✓	Çiçek	Denizli	Merkezefendi	1200 Evler Mah	
✓	Çiçek	Denizli	Merkezefendi	1200 Evler Mah	
✓	Çiçek	Denizli	Merkezefendi	1200 Evler Mah	
✓	Çiçek	Denizli	Merkezefendi	1200 Evler Mah	

You can see the data of the materials used in this area. You can also examine in more detail by clicking on a desired data.

# | Adding Buildings From The Mobile App

When you open the Aselmind application, tap on the QR Code from the menu that appears.

Read the QR code on the QR Label from the screen that opens.

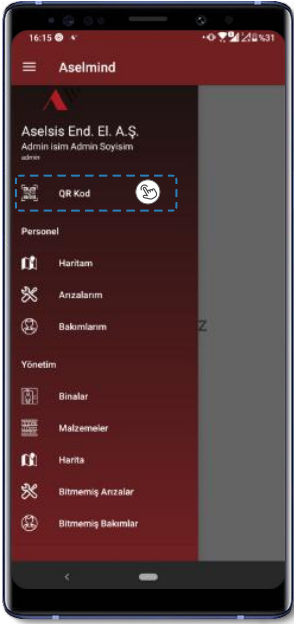

After scanning the QR code, tap **YES** on the Registration not available screen that will appear.

Fill in the relevant fields on the screen that comes up and tap on the  icon in the upper right corner. Congratulations, your building has been successfully added.

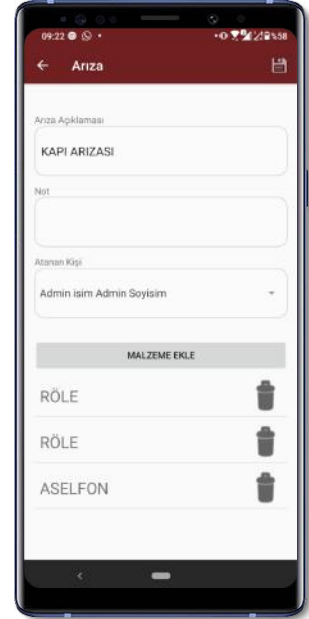

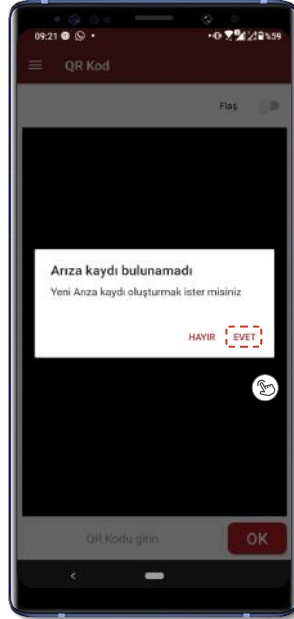

You can select the building address by tapping on the  icon to select it externally while filling in the relevant fields.

# | Adding An Issue From The Mobile App

When you open the Aselmind application, tap on the **QR Code** from the menu that appears.

Read the QR code on the QR Label from the screen that opens.

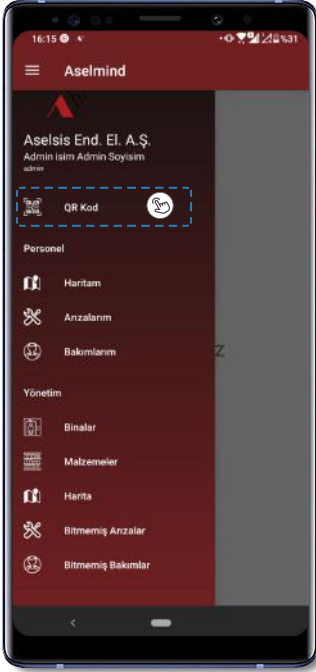

Fill in the relevant fields on the screen that comes up and tap on the  icon in the upper right corner. Congratulations, your error has been successfully added.

If there is a issue record in the system, the **ISSUE** button will appear in red, otherwise it will appear in gray.

# | Adding A Maintenance From The Mobile App

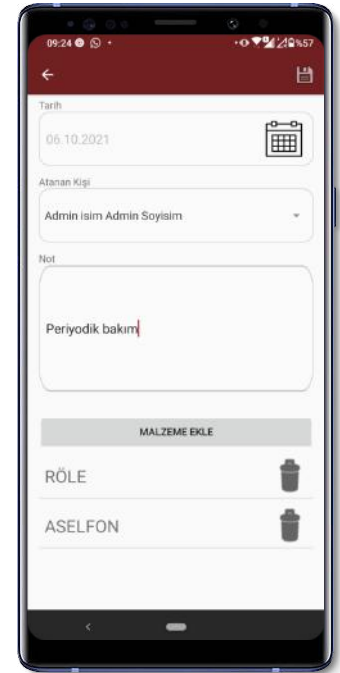

When you open the Aselmind application, tap on the **QR Code** from the menu that appears.

Read the QR code on the QR Label from the screen that opens.

After scanning the QR code, tap **MAINTENANCE** on the screen that will appear.

Fill in the relevant fields on the screen that comes up and tap on the  icon in the upper right corner. Congratulations, your building has been successfully added.

If there is a maintenance record in the system, the **MAINTENANCE** button will appear in red, if a maintenance has been performed within the specified period, it will appear in blue, and if there is no record, it will appear in gray.

# Thanks.
